

Things I did after 3.11

FMU 5th year student
Chiaki FURUYAMA

Rotary's Invitation

9 were invited to Austria to speak about Fukushima.

Presentation in Austria

Reaction of the audience

- Listened in earnest
- Seemed shocked
 - Tsunami
 - Recovery
- Seemed curious
 - “What’s life really like?”
 - “Are you safe?”

Impressions of our presentation

- “I was shocked by what happened in Fukushima, but at the same time was astonished how fast you recovered.”
- “I was relieved that radiation levels are safe.”

Interesting discovery

- Questions varied according to the person's age.

From now on

- Learn and ***never forget*** what actually ***happened***.
- ***Act on what we know***.
- ***Share the truth*** about 3.11 and Fukushima, here and overseas.
- **As a medical student**, I'd like to learn how to manage radiation exposure and possible adverse effects of radiation.

The Rotary 4-Way Test

- Is it the **TRUTH**?
- Is it **FAIR** to all concerned?
- Will it build **GOODWILL** and **BETTER FRIENDSHIPS**?
- Will it be **BENEFICIAL** to all concerned?

**From
tragedy
to
triumph.**
