

***Third International Expert Symposium in Fukushima:  
Beyond Radiation and Health Risk—Toward Resilience and Recovery***  
**Program**

September 8 (Mon)

8:00-8:30      **Registration**

8:30-8:50      **Opening Ceremony**

Welcome Address: Yohei Sasakawa, The Nippon Foundation

Opening Remarks: Shin-ichi Kikuchi, Fukushima Medical University

8:50-10:30     **Session 1—Reports on Fukushima**

Co-chairs:      - Etsuko Kita, Sasakawa Memorial Health Foundation

                     - Fred Mettler, University of New Mexico

Speakers:

- Arifumi Hasegawa, Fukushima Medical University  
*A series of Events in Fukushima just after the Disaster, and  
Crisis Coping Measures of the Hospital*
- Toshimitsu Homma, Japan Atomic Energy Agency  
*Radiological Situations After the Fukushima Accident and  
Arrangements for Preparing Long-Term Recovery Operations*
- Shinji Tokonami, Hirosaki University, Institute of Radiation  
Emergency Medicine  
*Overview of Internal Exposures for Evacuees due to  
Radioactive Materials Intake Resulted from Fukushima  
Nuclear Accident*
- Michiaki Kai, Oita University of Nursing and Health Sciences  
*Public Health Approach that Targets Whole-Health  
Management, Balanced with Radiation Protection*

10:30-10:45    **Break**

- 10:45-12:30     **Session 2—Report on Fukushima Prefecture’s Health Survey**
- Co-chairs:     - Abel Julio González, Argentine Nuclear Regulatory Authority
- Hitoshi Ohto, Fukushima Medical University
- Speakers:
- Seiji Yasumura, Fukushima Medical University  
*Overview of Fukushima Health Management Survey*
- Tetsuo Ishikawa, Fukushima Medical University  
*The Basic Survey: Estimation of External Doses in Residents of Fukushima Prefecture*
- Shigeatsu Hashimoto, Fukushima Medical University  
*First Two-Year Result of the Comprehensive Health Check as One Facet of the Fukushima Health Management Survey*
- Masaharu Maeda, Fukushima Medical University  
*Psychological Effects on People in Fukushima: Results of a Mental Health and Lifestyle Survey*
- Shinichi Suzuki, Fukushima Medical University  
*Three-Year Results and Future Scope of the Fukushima Thyroid Ultrasound Examination after the Fukushima NPP Accident*
- Yasuhisa Nomura, Fukushima Medical University  
*Pregnancy and Birth Survey (by the Radiation Medical Science Center for the Fukushima Health Management Survey)*
- 12:30-14:00     **Lunch**
- 14:00-15:55     **Session 3—Analysis Reports by International Organizations**
- Co-chairs:     - Christopher Clement, International Commission on Radiological Protection
- Shigenobu Nagataki, Nagasaki University
- Speakers:
- Emilie van Deventer, World Health Organization  
*WHO’s Health Risk Assessment Based on a Preliminary Dose Estimation of the Fukushima Daiichi NPP Accident*
- Carl-Magnus Larsson, United Nations Scientific Committee on the Effects of Atomic Radiation  
*The UNSCEAR 2013 Report on Levels and Effects of Radiation Exposure Following the 2011 Nuclear Accident in Japan*
- Fred Mettler, University of New Mexico

*Effects of Radiation Exposure on Children*

- Abel Julio González, Argentine Nuclear Regulatory Authority

*Radiological Consequences of the Fukushima Accident:*

*Progress by International Organizations*

- Christopher Clement, International Commission on Radiological Protection

*ICRP Experience in Fukushima: Strengthening Radiological*

*Protection for Post-Accident Recovery*

15:55-16:10     **Break**

16:10-18:00     **Panel 1— International Cooperation for Recovery**

Moderators:     - Christopher Clement, International Commission on Radiological Protection

- Shigenobu Nagataki, Nagasaki University

Panelists:     - Emilie van Deventer, World Health Organization

- Carl-Magnus Larsson, United Nations Scientific Committee on the Effects of Atomic Radiation

- Fred Mettler, University of New Mexico

- Abel Julio González, Argentine Nuclear Regulatory Authority

- Christopher Clement, International Commission on Radiological Protection

- Masafumi Abe, Fukushima Medical University

19:00-           **Reception**

September 9 (Tue)

8:30-9:00      **Registration**

9:00-10:15      **Session 4—Testimony on Psychological and Social Issues from  
Fukushima and Abroad**

- Co-chairs:
- Jacques Lochard, International Commission on Radiological Protection
  - Shunichi Yamashita, Nagasaki University

- Speakers:
- Mayumi Otsuki, Resident of Date City  
*Raising Children in Date City*
  - Tsugi Kusano, Consultation Support Center for Women, Fukushima Prefecture  
*Testimony from a Public Health Nurse Working in Aizu*
  - Arinobu Hori, Hibarigaoka Hospital  
*The Wish to Rebuild Resilience of Minami-Soma City, a Divided and Damaged Community, after the Fukushima Daiichi Nuclear Accident*

10:15-10:30      **Break**

10:30-12:05      **Session 4 (continued)—Testimony on Psychological and Social Issues  
from Fukushima and Abroad**

- Speakers:
- Shoji Nishida, Date City  
*Background of Radiation Measures in Date City and Issues Regarding Ensuring Peace of Mind*
  - Ryugo Hayano, University of Tokyo  
*Experience of Commitment to Fukushima – Individual Monitoring for Internal Exposure*
  - Evelyn Bromet, Stony Brook University  
*Emotional Consequences of Nuclear Power Plant Accidents*
  - Deborah Helen Oughton, Norwegian University of Life Sciences  
*Social and Ethical Aspects of Radiological Accidents*

12:05-13:30      **Lunch**

13:30-15:30

**Panel 2— The Way Forward**

- Moderators:
- Jacques Lochard, International Commission on Radiological Protection
  - Shunichi Yamashita, Nagasaki University

Japanese Panelists:

- Aya Goto, Fukushima Medical University
- Arinobu Hori, Hibarigaoka Hospital
- Ohtsura Niwa, Fukushima Medical University
- Hirooki Yabe, Fukushima Medical University
- Ryugo Hayano, University of Tokyo

International Panelists:

- Emilie van Deventer, World Health Organization
- Carl-Magnus Larsson, United Nations Scientific Committee on the Effects of Atomic Radiation
- Fred Mettler, University of New Mexico
- Abel Julio González, Argentine Nuclear Regulatory Authority
- Christopher Clement, International Commission on Radiological Protection
- Deborah Helen Oughton, Norwegian University of Life Sciences

15:30-15:45

**Closing**

Closing Remarks: Kenzo Kiikuni, Sasakawa Memorial Health Foundation
